

## Emergency Evacuation Plan

It is important to be prepared in case of an emergency. Please take time to review this plan and have your individual plan ready.

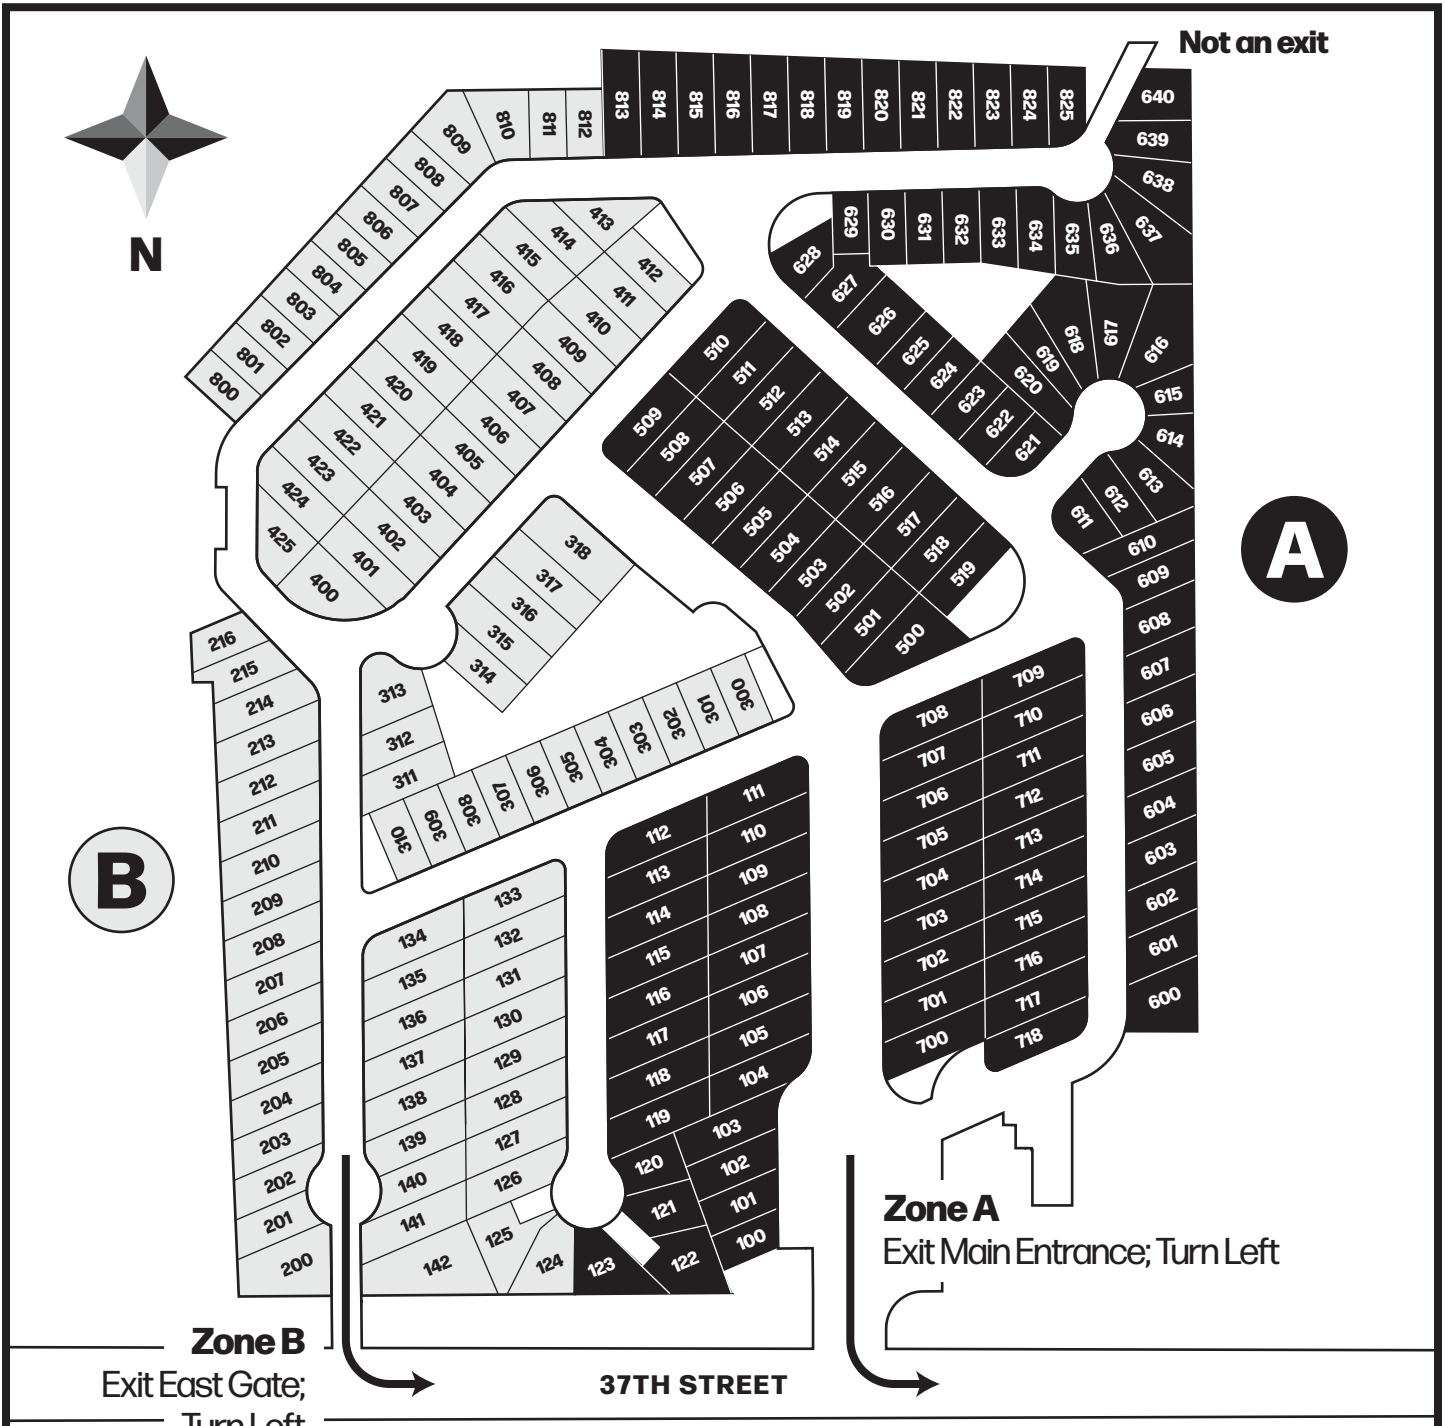

- Customer will be assigned a section (A or B)
- Customers will be required to provide Evans RV Park with at least one phone number, preferably two, as an emergency contact.
- In the case of a need to evacuate, customers affected will be notified by phone number they provided to Evans RV Park
- If notified, the customer must disconnect from the site water, power, and sewer
- Customer will need to hitch their camper/tiny home and proceed to the gate assigned to their section
  - Section A will exit via the West Gate
  - Section B will exit via the East Gate
  - Turn left, heading west and proceed towards highway 85

Evans RV Park management will take the following steps in case of an emergency:

- Monitor the emergency contact system
- Notify customers by phone (provided by customer) if they are affected by a need to evacuate.
- Open all gates (West and East)
- Monitor evacuation proceedings to help maintain control and order
